All of our graphic collections are supplied with our own fully featured Graphic Viewer. View all the graphics in this outstanding collection by category or select images by searching using keywords. Selected images can then be copied via the clipboard into MS Word, Publisher, PowerPoint or any Windows program or simply imported into your favourite interactive whiteboard software. The Graphic Viewer has the facility to add annotations within rollover hotspots to any image - this is particularly useful when you project the image or view it through an interactive whiteboard. Online subscribers receive access to all images at 800 x 600 pixels resolution for all staff and students - both at home and at school. The DVDs contain higher resolution photographs and original vector diagrams as wmf (Windows Metafiles) - you can buy both together in the 'Super Bundles'
